

My Care Record

With your permission, *My Care Record* will provide health and care professionals directly involved in your care, access to the most up-to-date information about you.

Providing you with

**Better co-ordinated
and seamless care**

**Quicker diagnosis
and treatment**

**More time to spend
on clinical care**

**Less paperwork
and less repetition**

**Fewer unnecessary
clinical tests**

**More accurate
prescriptions**

**Safe and secure
decision-making**

What is *My Care Record*?

The people caring for you need access to your health and care record in order to make the best decisions about your diagnosis and treatment. This could include GPs, hospital-based clinicians, nurses, health visitors and social workers.

For this to happen more quickly and to improve the care you receive, a new process has been put in place. This will allow your information to be accessed by different health and care organisations, using existing computer systems.

This does not share your record, but provides health and care professionals, with your permission, access to view your information.
